

Accessories

Under Deck Shelf
Provides additional storage for glass racks, amenities, or cleaning supplies.

Locking Doors
Provide security and hide contents. Doors open 270° and snap tight against sides of cart.

Locking Drawer
Conveniently organizes and secures miscellaneous items. Comes with dividers.

Adjustable Middle Shelf
Easily moves to allow compartment space as needed.

Bumpers
Non-marking and rotating corner bumpers prevent cart from damaging walls.

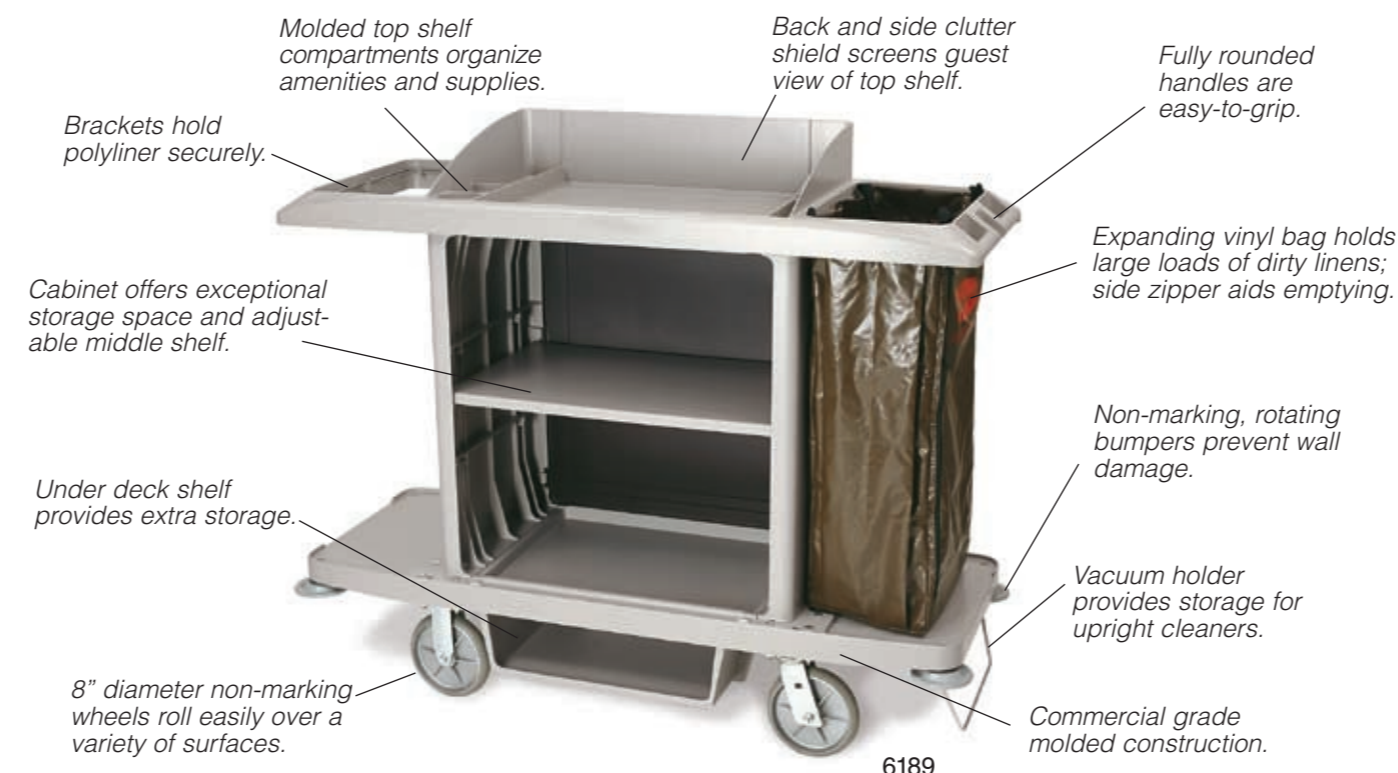

Vinyl Bag
Expands as load increases; zippered side opening facilitates unloading.

Rubbermaid
Commercial Products

Problem.

Compact model requires less floor space, holds more supplies, and maneuvers easily in tight spaces.

The Restock & Service Cart performs multiple duties: turn-down cart, extra linen cart, self-serve food kiosk, mobile beverage service or mini-bar re-stocking cart.

X-tra™ Housekeeping Carts

Solution.

The new Rubbermaid® X-tra™ Housekeeping Carts—Exceeding Expectations in the Hospitality Industry.

The Compact Cart is a convenient size that's easy to maneuver and store in tight spaces. Hanging our popular Slim Jim® Container to one end of the cart provides additional collection capacity.
* Shown with optional under deck shelf

The X-tra™ Restock and Service Cart is sized for smaller properties or for use as a stocking or turndown cart. It can stand alone as a self-serve kiosk or full-service mobile beverage cart. Add locking doors for security.

In recent years, quality standards in the lodging and healthcare industries have trended upward: environments are more luxurious, service levels are higher, and ergonomic requirements are greater. Purchasing attractive, labor-saving equipment that can boost productivity is essential but often difficult. Rubbermaid understands and accepts the challenge of providing the right equipment for your environment. We know that housekeeping carts with inadequate storage space require numerous trips to the linen closet and that loaded carts can be too bulky for slightly built workers to maneuver. We've seen workers struggle to manipulate oversized carts in corridors, storage closets, and elevators. And we've witnessed unorganized, just plain unattractive carts tastelessly displaying soiled laundry and cleaning supplies. That's why our sleek new X-tra™ Housekeeping Carts are loaded with features to help your staff work quicker, with less effort, and more unobtrusively.

Efficient

Housekeeping needs vary by size and type of operation, and the X-tra™ Housekeeping Carts are sized and styled to meet those needs. The Full Size Cart can accommodate large loads of linen and supplies. The Compact Cart is convenient because it offers generous storage space in a smaller size. The Restock and Service Cart is versatile for use in housekeeping and food and beverage applications. Each cart offers abundant storage space and molded compartments on the top shelf to keep amenities and supplies organized and accessible. Small, large or in-between, Rubbermaid offers the right size cart for the job.

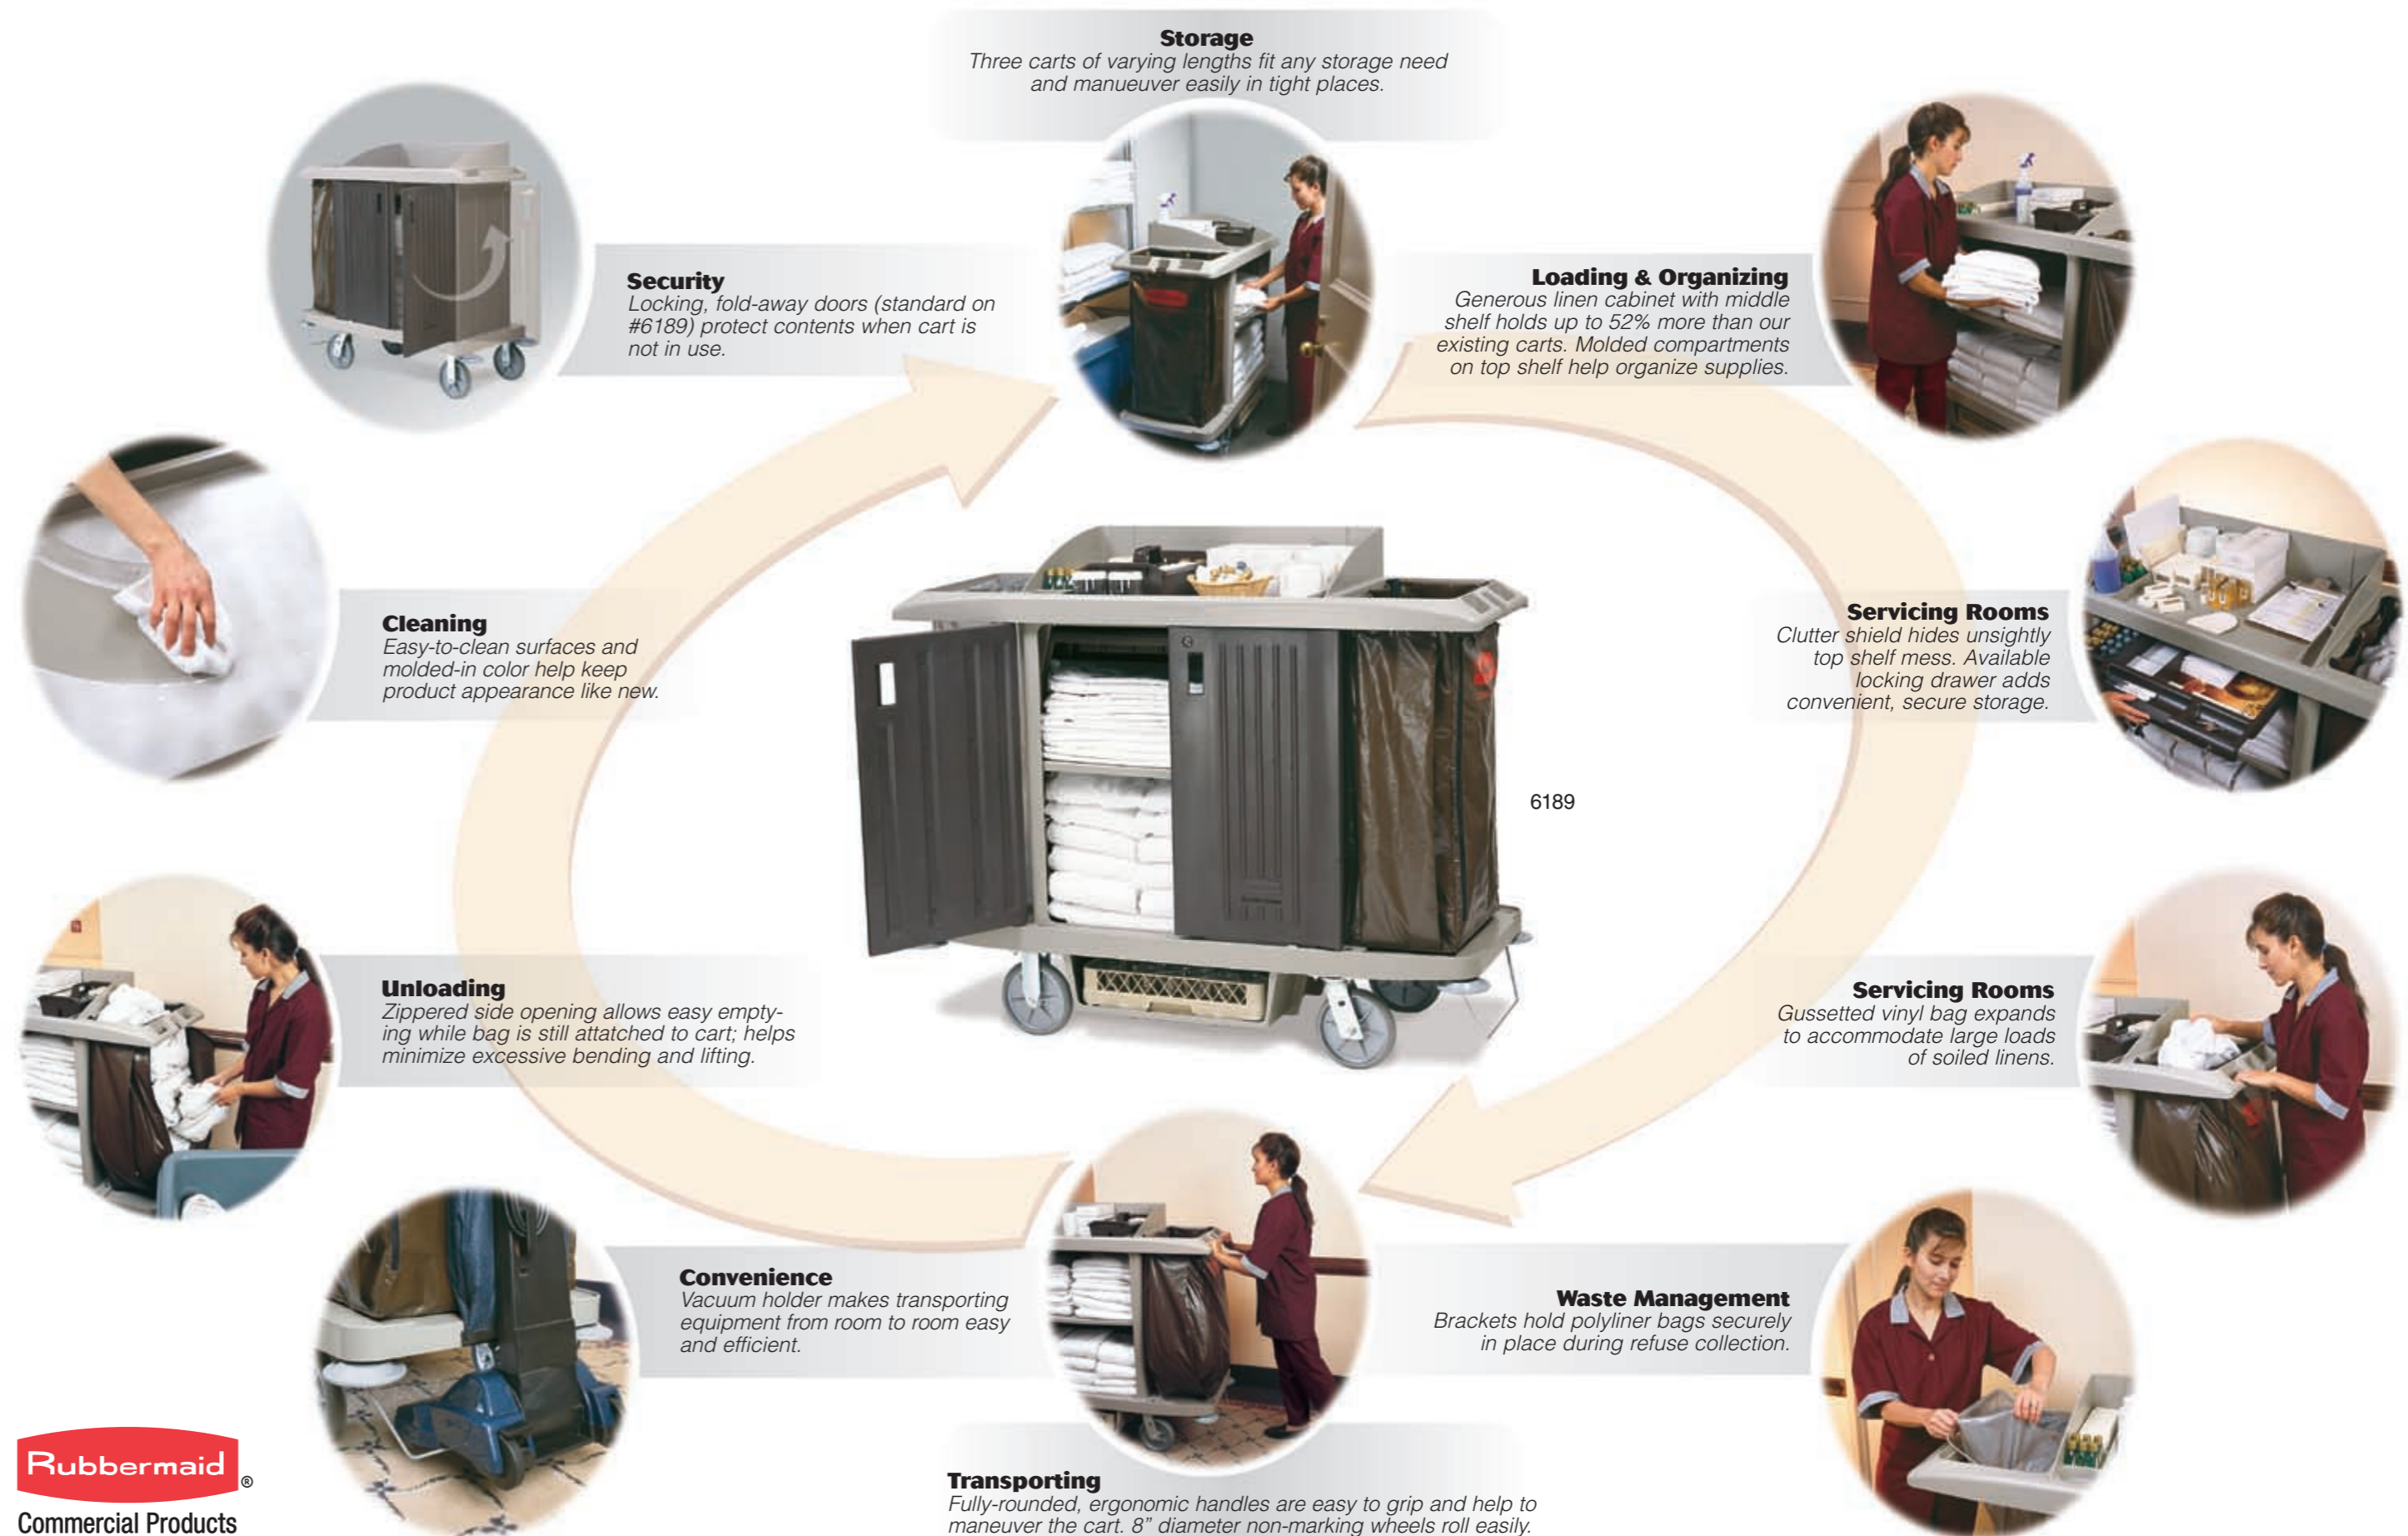

Functional

Maneuvering a full-sized cart can be a strenuous task, especially when the cart is overloaded. Workers can strain themselves, and supplies and tools can tumble off if not properly organized. The X-tra™ Housekeeping Carts are designed to help workers perform their chores easier. The 8" non-marking wheels move effortlessly over a variety of surfaces, and the full-round molded handles on the Full Size and Compact Carts make guiding the cart through corridors and onto elevators simple. All three carts have molded-in tool holders so long and short-handled tools stay put during transport. If there is an occasional mishap, rotating non-marking bumpers on each corner of the cart prevent damage to walls. Depending on the cart you choose, several optional accessories are available to add even more functionality: locking doors, a pull-out drawer, and an under deck shelf really help get the job done. Organizing, storing, or transporting, Rubbermaid® carts are an excellent choice for many housekeeping and service operations.

Attractive

Presenting an organized, pleasant environment is a must. Guests appreciate efforts to camouflage cleanup operations and the X-tra™ Housekeeping Carts can help you do that. They have smooth contours and fresh, contemporary styling that enhances the image of even the most exclusive property. A generous clutter shield hides top shelf contents so corridors look neater to guests. Easy-to-clean surfaces and molded-in color keep the carts looking like new with little maintenance. In the corridor, on the elevator, or in the storage area, Rubbermaid's X-tra™ Housekeeping Carts are clean, organized, and attractive.
