

# Untouchable® Recycling Containers and Tops

Now Rubbermaid helps advance your recycling program to the next level with a high value, high capacity collection center. It starts with the 35 or 50 gallon Untouchable® Base, of durable plastic construction yet without the weight, sharp edges and rusting common with some metal containers. Add specially designed Untouchable® Tops to help communicate your recycling program: a slot for paper, a hole for bottles and cans, a drop-down design for general waste. For smaller volume requirements or where full container lifting weight is a concern, choose the 15.9 or 23 gallon Slim Jim® Containers and Recycling Tops. Mix and match container sizes and tops throughout your facility for a custom solution to your recycling needs!

*Color-coded Untouchable® Tops encourage effective waste separation: a blue slotted top for paper, blue top with hole for bottles and cans, gray and beige tops for general refuse. All tops fit both 35 and 50 gallon Untouchable® Containers.*

2791 Bottle/Can Top will accept a 1 litre bottle.

35 and 50 gal./132.5 and 189.3 litre Untouchable® Bases available in blue with "We Recycle" message.

High impact molded plastic construction, won't chip, dent or rust.

## Untouchable® Recycling Containers and Tops
