Rubbermaid's X-tra™ Housekeeping Carts— Exceeding Expectations in the Hospitality Industry.

6192 Compact

The Compact Cart is a convenient size that's easy to maneuver and store in tight spaces. *Shown with optional under deck shelf

In recent years, quality standards in the lodging and healthcare industries have trended upward: environments are more luxurious, service levels are higher, and ergonomic requirements are greater. Purchasing attractive, labor-saving equipment that can boost productivity is essential but often difficult.

Rubbermaid understands and accepts the challenge of providing the right equipment for your environment. We know that housekeeping carts with inadequate storage space require numerous trips to the linen closet and that loaded carts can be too bulky for slightly built workers to maneuver. And we've witnessed unorganized, just plain unattractive carts tastelessly displaying soiled laundry and cleaning supplies. That's why our sleek X-tra™ Housekeeping Carts are loaded with features to help your staff work quicker, with less effort, and more unobtrusively.

- Housekeeping Carts are sized and styled to meet the needs of various sizes and types of operations.
- Each cart offers abundant storage space and molded compartments on the top shelf to keep amenities and supplies handy.
- Carts are easily maneuvered over a variety of surfaces.
- Optional accessories such as locking doors, a pullout drawer, and under deck shelf are available to add even more functionality.
- Smooth contours and contemporary styling present an attractive, clean and organized appearance.

9T19

Above: The Full Size Cart with hood provides protection when servicing outside entry rooms. Protective security hood available on models 9T19 and 9T20 and also sold separately.

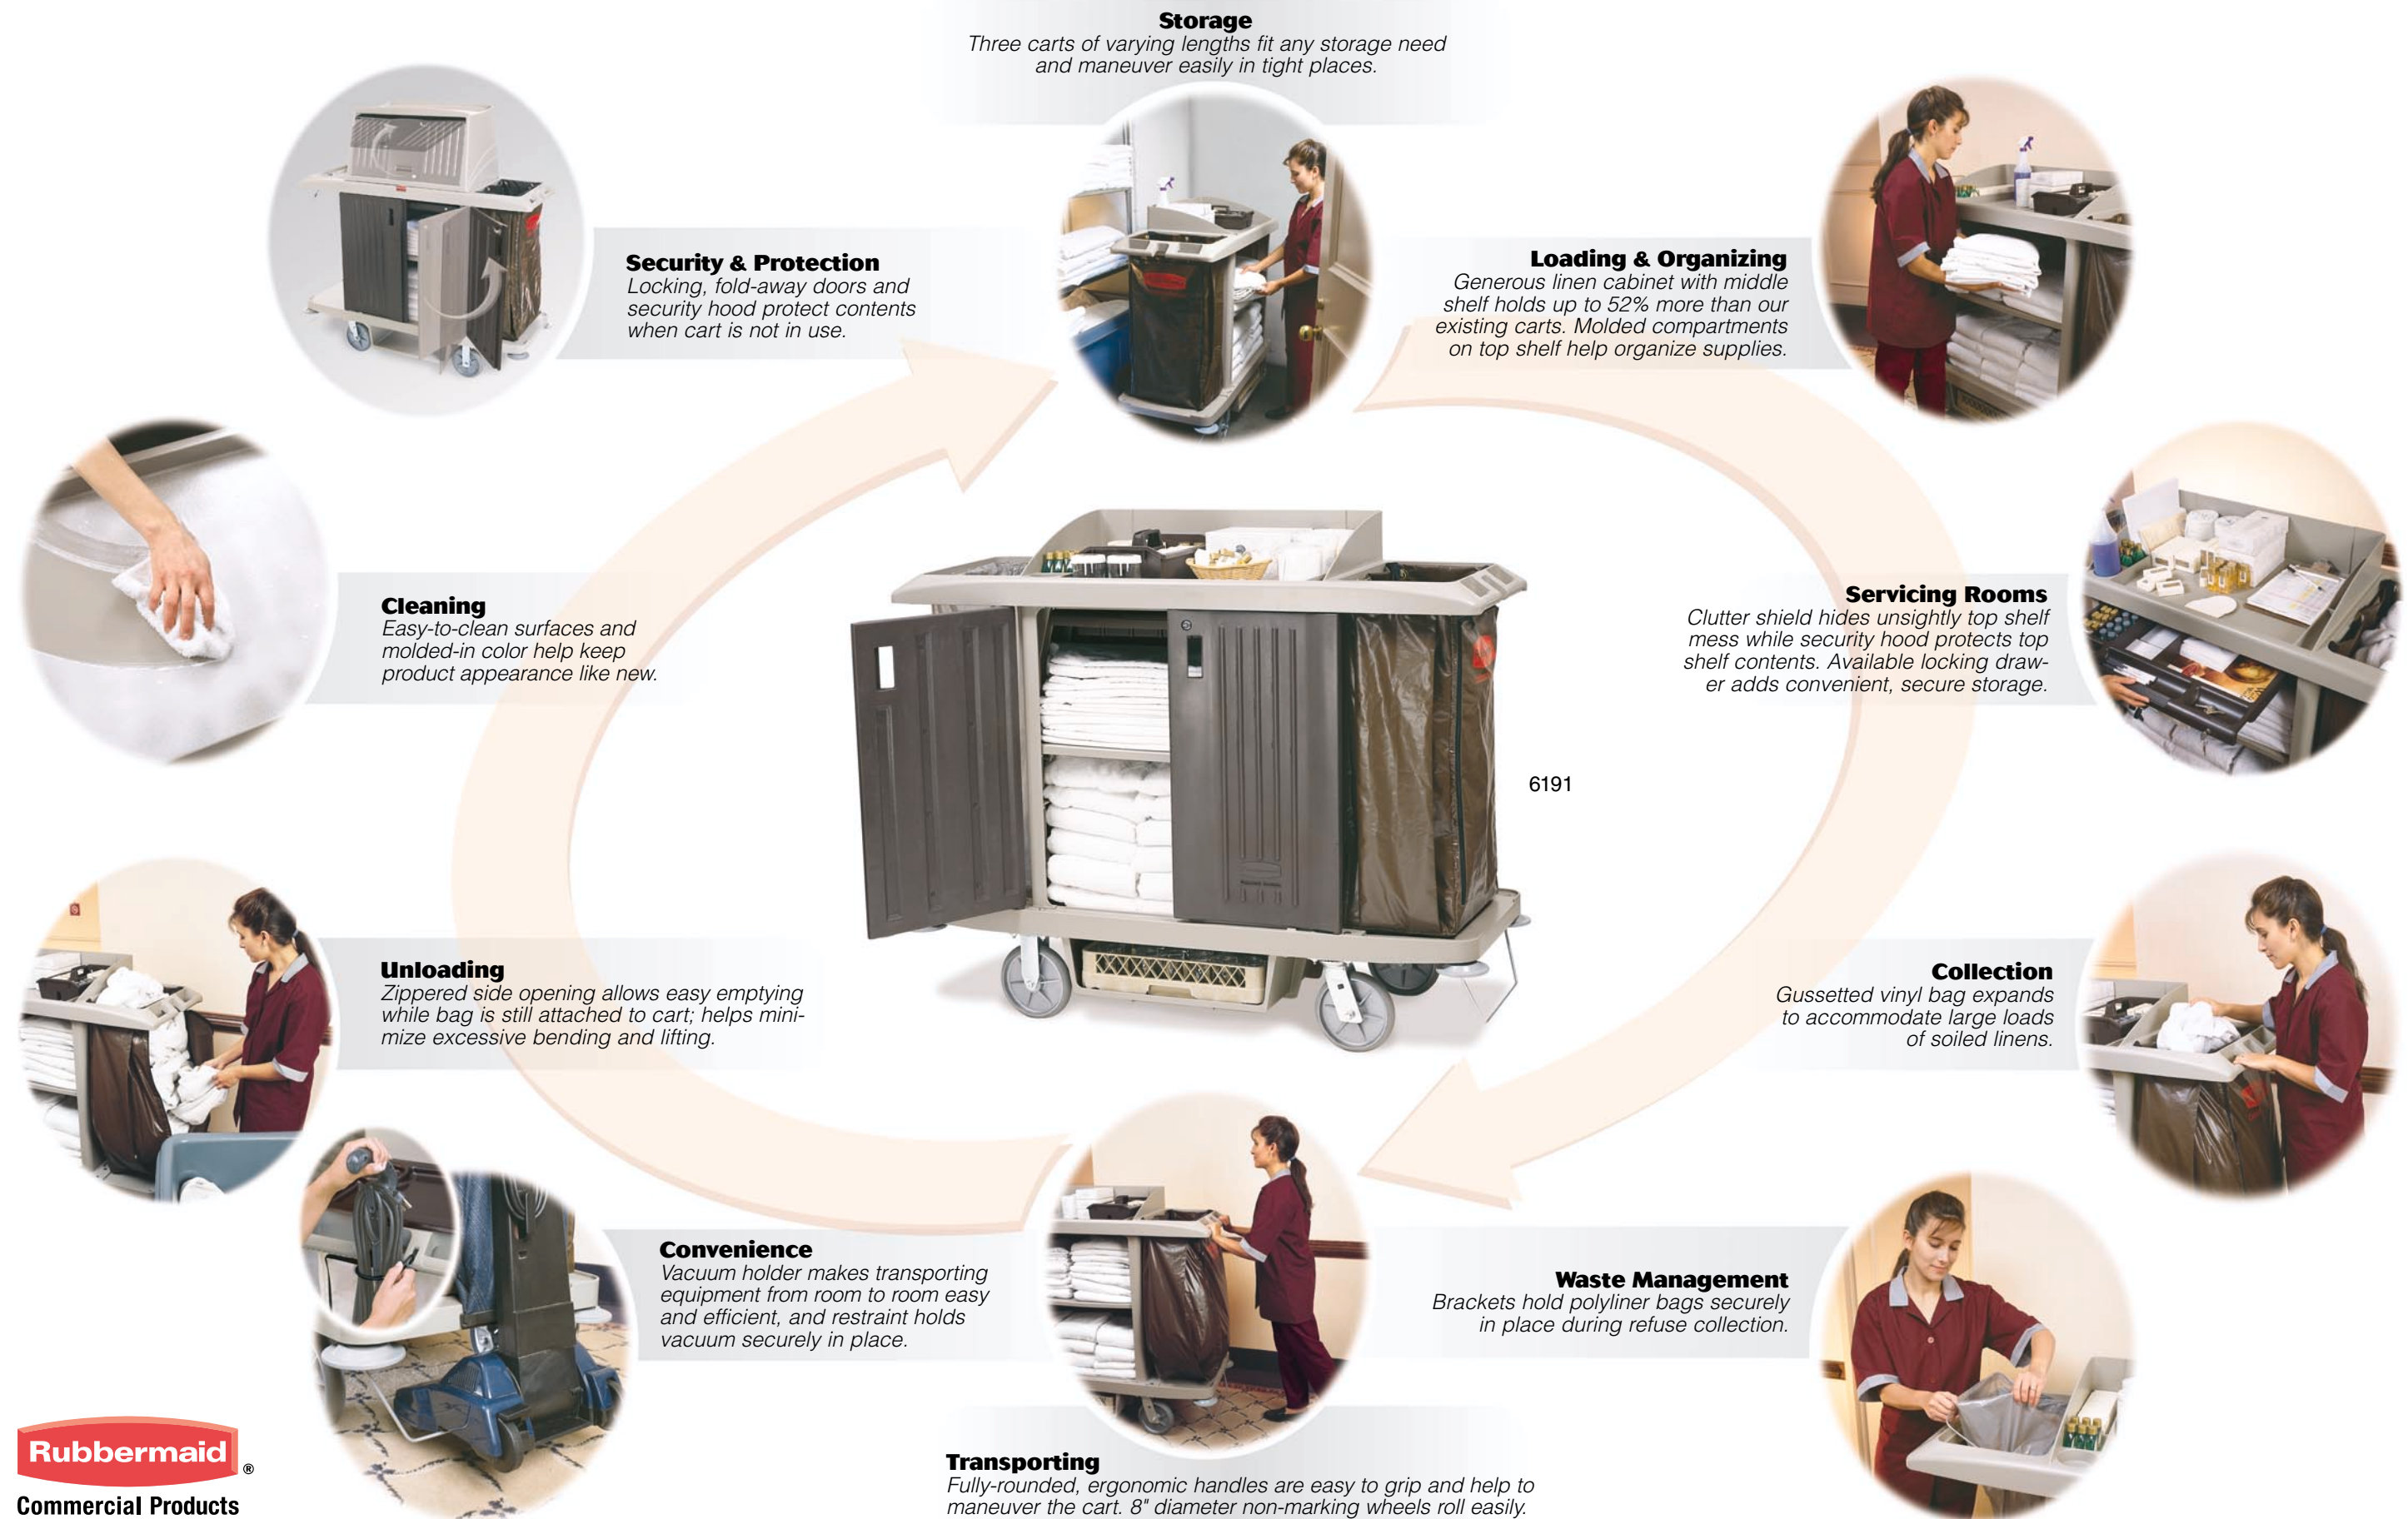

Right: The X-tra™ Restock and Service Cart is sized for smaller properties or for use as a stocking or turndown cart. It can stand alone as a self-serve kiosk or full-service mobile beverage cart. Add locking hood and doors for security.
